Dear Prescriber:

Revolutionize DMDD is an international coalition of families who have been impacted by their children's Disruptive Mood Dysregulation Disorder (DMDD) diagnosis. Joined by prescribers and community members, we have seen firsthand the life-transforming results of the groundbreaking scientific brain-based treatment for DMDD at its root.

It has come to our attention that you are a prescriber that is familiar with and prescribes to your patients the brain-based treatment for DMDD. We'd like to offer you three ways to collaborate with our organization. If interested, please check any or all boxes below.

- I agree that Revolutionize DMDD can identify me as a prescriber who is familiar with, and supportive of the brain-based treatment for DMDD.**

NOTE - Revolutionize DMDD will not list your name on our website, but rather provide the information you provide below to individuals that ask us for the names of prescribers in their area that are familiar with and supportive of a brain-based treatment approach for DMDD.

- I agree that Revolutionize DMDD can identify me to other prescribers as a resource to provide information about the brain-based treatment for DMDD.**

NOTE - Revolutionize DMDD will not list your name on our website, but rather provide the information you provide below to prescribers that ask us for the names of other prescribers that are familiar with, and supportive of, a brain-based treatment approach for DMDD.

- I agree to be interviewed by the media.**

NOTE - Revolutionize DMDD will not solicit your practice or name for interviews. If the opportunity presents itself to our organization, we will contact you to discuss specifics.
